Pole Charge

35' Wood Pole	\$3.25
---------------	--------

The above pole charge will be applied to the foregoing lamp charges where the Department is requested to furnish a suitable pole, for the sole purpose of supporting a luminaire. If at a future date the pole is used for any purpose approved by the Department in addition to supporting a street and/or floodlight luminaire, the pole charge will be terminated.

DISCOUNT

No discount applies to off-street or contract lighting.

TERMS AND CONDITIONS

The above rate include the cost of overhead wires, lighting fixture, lamp, a control of the time of use, and normal labor.

The above rates do not include an underground supply, anchor guy, control switch, or a special light fixture requested by the customer. The cost of material and labor for anything other than a normal construction will be paid for by the customer.

This contract shall be for one (1) year and then cancelable on thirty (30) days notice subject to a turn off fee of \$10.00. Additionally, if a wood pole was required, then charge equal to \$425 less the total accumulated monthly pole rental charges received to date. If a light fixture is to be used for a period of less than one (1) year, then an additional \$20.00 per month fee will apply.
