

Save Energy and Money With a Digital Setback Thermostat

HG&E Can Now Install a Digital Setback Thermostat in Your Home for Just \$75

Looking for a way to save money on your heating and cooling bills? **Studies show that turning back your thermostat from 72° to 62° each night can save you 10%.** And if you set back the temperature while you're away at work, those savings can climb to 15% off your heating bills.

Digital setback thermostats make it easy to control the temperature in your home automatically. **And HG&E now offers convenient in-home installation of these thermostats for just \$75.**

The package includes a PSG Medallion Series digital thermostat capable of two setback commands with weekday and weekend schedules.

The thermostat is easy to use, and is Energy Star compliant. The large backlit LCD display is easy to read in a darkened room. The thermostat can control both heating and cooling systems.

Above: An easy-to-use digital setback thermostat installed by HG&E.

To schedule an installation appointment call 536-9300

select option 1 from the menu

For Residential Gas Heating Customers only. Thermostat suitable for standard low voltage control systems only. Other non standard control systems may require an alternate thermostat model at a higher price. Offer expires 12/31/06.

We'll get your heating system ready for winter for FREE!*

Cold weather is just a few months away... Is your natural-gas fired heating system ready? You can be certain with our **FREE Winter checkup service**. An HG&E service technician will inspect your system and have it ready for the winter season ahead.

But hurry... this great deal ends on September 1st. So call our service center at 536-9335 to make your appointment today.

Winter checkup service

An HG&E service technician will:

- Perform a system safety check
- Re-light pilot (if necessary)
- Lubricate circulators

Your cost: FREE! (must call by 9/1/06)

* Service is for natural gas fired boilers and furnaces only. For free service **an appointment must be made prior to September 1st 2006**, and booked for a date prior to September 30th 2006 **during normal business hours (Monday-Friday 9AM-3PM)**. Services booked after these dates or time periods are subject to our regular service pricing. Capacity under this special program is limited, please book early to secure your appointment. Any additional necessary work discovered at time of the free inspection, may be performed at the Customer's option and will be billed at standard HG&E labor & parts rates. Available to residential customers only, limit one specially-priced winter check-up per customer.

Energy Star rebates!

Energy Star appliances save you both energy and money... and now **with rebates from HG&E you can save even more** when you purchase qualifying energy-star products.

Just purchase a new clothes washer, refrigerator, dishwasher or room air conditioner before December 31st 2006 and your home can **save up to \$175!** Visit our website at:

www.hged.com/energystar

to download a rebate form and learn more about the program. Or contact our Customer Service Center at (413) 536-9300.

ENERGY STAR REBATES

Receive a **\$50 Rebate** from HG&E with the purchase of a qualifying energy-star certified:

- Clothes Washer
- Refrigerator
- Dishwasher

Receive a **\$25 Rebate** from HG&E with the purchase of a qualifying energy-star certified:

- Room Air Conditioner

- Qualified appliances must be purchased between 1/1/06 and 12/31/06 and must be postmarked by 1/18/07.
- Funding for this program is limited and HG&E reserves the right to stop issuing rebates at any time due to program funding depletion.
- Each utility customer of record is only entitled to one (1) rebate per appliance per year. No one utility account shall exceed four (4) rebates or \$175 in year 2006.
- Customer must receive electric service from HG&E to be eligible for rebates.
- Consult official rebate form for additional program conditions.

Looking to save energy?

HG&E offers homeowners up to \$5,000 in zero-interest assistance to install energy conservation measures.

The Residential Energy Conservation Program can provide homeowners with the money they need to make energy-saving improvements to their homes.

The program offers interest-free assistance for home insulation projects, installation of Energy Star replacement windows, or for an upgrade of your home's gas-fired heating system to modern efficiency standards.

The assistance can be repaid over an up to 60 month period, and payments conveniently appear on your monthly HG&E energy bill.

Taking these conservation steps can save the average homeowner over \$100 per month in winter heating costs.

To find out more about this program, visit our website at www.hged.com/conserv or contact us at (413) 536-9300.
