

Current Construction & System Maintenance Projects

Updated: May 3, 2021

If you have any questions, please Contact: Customer Service: (413) 536-9300
Bill Sullivan, Gas Engineer: (413) 322- 1523
Carl Peterson, Electric Engineer: (413) 536-9398

Please note: This is not a complete list of projects. Regularly scheduled construction activities typically take place between 7:00 am and 4:30 pm. Future Projects may be delayed or cancelled at HG&E's discretion.

Tree crews and other HG&E contract personnel will be working at various times and locations throughout the year. If there are any questions regarding tree crews and/or other contract personnel, please call (413) 536-9355.

Current Projects

Beech Street/ Carter Street– Electric

Location	Beech St / Carter
Description	Underground Electric Work
Impact	One lane of traffic
Duration	Expected Completion 5/8/21

Hampden Street - Gas

Location	Hampden St between Nonotuck St and Northampton St
Description	Gas Service Renewals
Impact	Customer's gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning. Throughout this project, HG&E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&E will have to close the road and implement a detour.
Duration	Expected completion date: 6/1/2021

North Bridge Street - Electric

Location	N Bridge St and Hadley Mills Rd
Description	Installing poles

Impact	One lane of traffic
Duration	Expected Completion 5/15/21

Pearl Street - Gas

Location	Pearl St between Highland Ave & Lincoln St
Description	Gas Main and Service Relocation
Impact	<p>Customer’s gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&E will have to close the road and implement a detour.</p>
Duration	Expected completion date: 6/1/21

Various Locations – Electric (Pleasant, Hampden Lincoln St WE 5/8/21)

Location	Approximately between Nonotuck Street & Elm Street and Dwight Street & Lincoln Street
Description	Conversion & Relocation
Impact	HG&E will be working to upgrade poles, wires, and transformers as part of reliability improvements and system enhancements in the areas approximately located between Nonotuck and Elm Sts. and Dwight and Lincoln Sts. This work will continue throughout the course of the year. It will entail outages from time to time as crews work to transfer customers from the old infrastructure to the new infrastructure. Customers will be notified of any outages in advance.
Duration	Expected completion date: 12/31/21

Future Projects

Morgan Street - Gas

Location	Morgan St
Description	Gas Main and Service Relocation
Impact	<p>Customer’s gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&E will have to close the road and implement a detour.</p>

Duration	Expected start date: 6/1/2021
