*Tree crews and other HG&E contract personnel will be working at various times and locations throughout the year. If there are any questions regarding tree crews and/or other contract personnel, please call (413) 536-9355.*

## Current Projects

### Connecticut River – Hydro

Location	Connecticut River, north of the Holyoke Dam
Description	The river level above the dam will be temporarily lowered approximately 3 feet starting on the evening of Monday August 4 <sup>th</sup> to facilitate inspection work planned for the following morning. Upon completion of the inspection work on Tuesday August 5th, the pond will be filled back up. It is expected that it may take up to 24 hours for the river above the dam to fill back to normal.
Impact	The river level above the dam will be temporarily lowered approximately 3 feet starting on the evening of Monday August 4 <sup>th</sup> .
Duration	Completion Date: 8/5/25

### George St – Electric

Location	George St
Description	Installing conduit
Impact	One lane traffic
Duration	Completion Date: 8/15/25

### Hillview Rd - Gas

Location	Hillview Rd
Description	Gas Main and Service Relocation - This project was prioritized in advance of sewer separation work the City of Holyoke plans to perform in this area.

Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&amp;E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&amp;E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&amp;E will have to close the road and implement a detour.</p>
Duration	Expected completion date: 9/5/2025

#### **Meadowview Rd - Gas**

Location	Meadowview Rd
Description	Gas Main and Service Relocation - This project was prioritized in advance of sewer separation work the City of Holyoke plans to perform in this area.
Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&amp;E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&amp;E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&amp;E will have to close the road and implement a detour.</p>
Duration	Expected completion date: 9/5/2025

#### **Sargeant St – Electric**

Location	Sargeant St from Rt 5 – Race St
Description	UG Work
Impact	One lane traffic
Duration	Expected Completion Date: 8/30/25

#### **Tree Trimming- Electric**

Location	Northampton St (entire length – W Spfld to Easthampton town lines)
Description	To ensure safety and electric service reliability, HG&E schedules tree trimming every year adhering to the industry best practices. We hire certified contractors to do this work. Contractor: ASPLUNDH
Impact	One lane traffic
Duration	Expected Complete Date: 7/31/2025
