

Current Construction & System Maintenance Projects

Updated: September 30, 2022

If you have any questions, please Contact: Customer Service: (413) 536-9300

Bill Sullivan, Gas Engineer: (413) 322- 1523

Carl Peterson, Electric Engineer: (413) 536-9398

Please note: This is not a complete list of projects. Regularly scheduled construction activities typically take place between 7:00 am and 4:30 pm. Future Projects may be delayed or cancelled at HG&E's discretion.

Tree crews and other HG&E contract personnel will be working at various times and locations throughout the year. If there are any questions regarding tree crews and/or other contract personnel, please call (413) 536-9355.

Current Projects

Beech Street - Electric

Location	Beech St & Resnic Blvd
Description	JSC Construction – move cable
Impact	One Lane traffic
Duration	Expected completion date: 10/8/22

City-Wide Fiber Analysis

Location	City-Wide
Description	HG&E's contractor, Pike Telecom, is performing pole measurements and analysis as part of the feasibility study for residential broadband.
Impact	In order to better understand the true cost and key variables associated with a network buildout, including type of delivery (overhead/underground, residence type (single family, multi-family, multi-dwelling unit), and pole make-ready needs, HG&E is administering a full network design in 2022. In addition to determining the true cost in today's economic climate, the design will allow HG&E to develop a scalable and cohesive network, ensuring any investment is sustainable long-term.
Duration	Expected completion date: 10/31/22

County Rd - Gas

Location	County Rd south of Dupuis Rd
Description	Gas Infrastructure Improvement

Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&E will maintain one lane of traffic as much as possible.</p>
Duration	Expected completion date: 10/15/2022

Hampden St & Walnut St & St Kolbe- Electric

Location	Hampden & Walnut & St Kolbe
Description	UG Work
Impact	One lane traffic
Duration	Expected Completion Date: 10/31/22

Lexington Avenue - Electric

Location	Lexington Ave between Northampton & Irving Streets
Description	UG Work Elec conversion prep
Impact	One Lane traffic
Duration	Expected Completion Date: 11/10/22

Magnolia Ave & Portland St - Gas

Location	Magnolia Ave (West Franklin to Portland St), Portland St (Magnolia Ave to Winchester Ave) and Blaine Ave
Description	Gas Main and Service Relocation
Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&E will have to close the road and implement a detour.</p>
Duration	Expected completion date: 11/15/2022

Meadow Street - Gas

Location	Meadow St
Description	Gas Service Renewals
Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&E will have to close the road and implement a detour.</p>
Duration	Expected completion date: 10/15/2022

Merrick Ave - Gas

Location	Merrick Ave
Description	Gas Service Renewals
Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&E will have to close the road and implement a detour.</p>
Duration	Expected completion date: 10/15/2022

Sargeant St area- Electric

Location	Sargeant St between Northampton St & Magnolia
Description	OH Elec upgrades
Impact	One lane traffic
Duration	Expected Completion Date: 10/31/22

Ward 6B Conversion & Cable Upgrade (Northampton Street, Sargeant Street, and Hillside Ave) - Electric

Location	Various improvements along Northampton Street (between Sargeant and Dwight), Sargeant Street (between Northampton and Magnolia), and Hillside Ave and around areas noted above
----------	--

Description	<p>For several years, HG&E has been working to convert the existing electric infrastructure to a higher voltage system (4.8 kV to 13.8 kV) in order to improve system efficiency, increase electric capacity, improve overall reliability, and prepare for customer electrification. Throughout this project, some customers will have a short outage, while others will experience multiple outages and/or street construction.</p> <p>Customers impacted by this work will be contacted by HG&E's team in advance of related work with additional details.</p>
Impact	One Lane traffic
Duration	Expected Completion Date: 12/31/22

West Franklin Street - Gas

Location	West Franklin St
Description	Gas Service Renewals
Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&E will have to close the road and implement a detour.</p>
Duration	Expected completion date: 11/15/2022

Future Projects

Briarwood Dr - Gas

Location	Briarwood Drive
Description	Gas Main and Service Relocation
Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&E will have to close the road and implement a detour.</p>
Duration	Expected start date: 10/10/2022

Main St (Anderson Hill, Beaulieu) - Electric

Location	Main St & Anderson Hill, Beaulieu
Description	OH work, Cable installation
Impact	One Lane traffic
Duration	Expected Start Date: 10/17/22

Maple Street - Gas

Location	Maple Street
Description	Gas Service Renewals
Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter. Parking signs will be placed on the side of the road at the end of each day to keep the target work area open for the next morning.</p> <p>Throughout this project, HG&E will maintain one lane of traffic as much as possible. In order to complete the project, there will be times HG&E will have to close the road and implement a detour.</p>
Duration	Expected start date: TBD

Steiger Rd - Gas

Location	Steiger Rd
Description	Gas Main and Service Relocation
Impact	<p>Customer's gas service will be interrupted for approximately 4-6 hours while HG&E replaces the piping from the gas main to the gas meter.
